WORK

2016 VA DEPT. OF TRANSPORATION
Research & Web Design / *Charlottesville, VA*

On top of a hill with an integrated research team, I produced 2 economic reports and redesigned the library website for the third largest transportation agency in the country.

2015 MADE AGENCY
Web Development / *Cape Town, SA*

An adventure where I built Cape Town Electronic Music Festival's electronic press kit, researched lookbooks for Nike Tech Pack product launch and ate lunches with creatives in historic Waterkant.

2014-16 UVA TRANSIT & CAMP TRUCKING
Bus Driver / *U.S. East Coast*

The ultimate customer service: Picture college late nights driving big blue buses and safely transporting 60+ "eager" freshmen, then summer sunrises fetching thousands of duffle bags along the Northeastern mountains for Jewish-American campers.

EDUCATION

2019 VCU Brandcenter / M.S. Business / Experience Design

2017 University of Virginia / B.A. Economics + Studio Art: New Media

2015 iXperience / Coding Bootcamp / Ruby on Rails
